

WOMEN'S CAPTAINS REPORT FOR 2024 ANNUAL GENERAL MEETING

10th October 2024

Hello Members,

It really doesn't seem like 3 years since I took on the role of Women's Captain. Lots of learning and challenges have occurred along the way. My time as captain has allowed me to meet many members of the club. Thanks to all for your support, friendship and feedback (both good & bad).

The Women's membership has continued a steady growth during my tenure. 2024 saw 3 teams from Belvoir Park play in the midweek district Pennant Competition and 1 lady joining a Sunday Pennant Team. Strong representation at other club's events and tournaments has I believe raised the profile of Belvoir Park Golf Club.

Another factor that contributes significantly to the increase in female members are the Friday clinics run by Jeff Harris and Geoff Adamson. Sincere thanks for your commitment to this program. I believe that one of the measures to the success of this program is the names of women who have come through the program in recent years being qualifiers and/or winners of major club events.

Many thanks to President Mick Elliott for leading the club over the last 12 months and the Committee for your continued work.

I would like to thank all the volunteers that contribute in so many ways. The saying there is no I in the word team is one that certainly resonates around the Belvoir Park Golf Club. Many people come together and work for the benefit and best interest of our club. Without the contribution by so many people across all levels our club would not operate to the standard that it does.

The Green keeping staff together with the volunteer workers who give freely of their time are to be congratulated on their achievement for the condition, ongoing maintenance and planned future improvements to the course. You have achieved wonderful results with the course constantly improving. The tee area on the 3rd looks fantastic as does the work on the 10th tee. This is only a very small part of what has been achieved in the last 12 months.

Thanks to Geoff Adamson for stepping into the role of Male Captain (it was a bit lonely as the only Captain in the club for a couple of weeks). Your patient and understanding approach are a great asset.

Special mention also to Nick Turner for the commitment and work that you undertook to transition the club to MIGOLF. Many members will think that this means we now have an app to score with. I can assure you it was far more than this. The system changeover was a mammoth task.

Thanks to Match Committee for discussion and support of the captain's.

Thank you to the team of women who joined "The Captain's Team" in 2024. Having your support and assistance and being able to share the load was invaluable. I am confident that this will continue to grow.

To the incoming captain. I wish you all the best for your tenure, and I hope you enjoy your Captaincy.

I congratulate all those members who won trophies and gold letter events over the past 12 months.

Yours sincerely,

Sue Slattery

Women's Captain (retiring), Belvoir Park Golf Club

2024 WOMEN'S WINNERS

Championships
