

# Welcome to our new club Golf Professional

**PAUL POWELL**

(AAA & PGA Professional Status)

**0413 514 662**

Belvoir Park Golf Club is excited and pleased to have the talented and popular golf professional join them.

Paul has recently re-located to Belvoir Park from being the resident professional for approx 8 years with the Eaglehawk Golf Club and will continue to pass on his 35 years experience in coaching playing and running golf courses. He will be available for golf lessons, either in groups or as individuals.

In time, Paul and his retail assistant, Debbie Murray will be stocking up with all his usual golf equipment, clothing & accessories. Make it your first stop shop for buying all your golfing needs and keep a keen eye out for his great specials!!!!

Paul was born & spent his early youth in New Zealand and first came to Australia in 1985 to play in the Vic Open and the Tasmanian Open where he was lucky to win a car with a Hole in One.

During his time in Australia he won over 150 Pro Am events.

Paul spent approx 11 years in Europe, playing, teaching & being instrumental in the running of golf course operations. He was based in Scandinavia between 1988 – 1998. He was runner up in two events on the highly competitive European tour.

He settled into the country life style easily and became a highly regarded teacher when he was the resident Pro at Kyneton Golf Club for approx 7 years. He developed & mentored many promising juniors along with running successful ladies clinics.

Along with being a good partner to Lyn & dad to two boys (Oliver 10 & Declan 12 yrs), and operating his golf business, Paul somehow fits in playing part time in the Australian Legend events.

If you're needing that swing corrected; check out the website for further details and his golf lesson costs
